**Note:**

- As stated in the Notice to shareholders for convening the 30<sup>th</sup> Annual General Meeting given on August 23, 2018, the Company has been a victim of a series of extraneous circumstances which have adversely impacted the telecom sector since admission of the Company under Corporate Debt Restructuring (CDR) Program.
- After initial restructuring undertaken by the Company pursuant to CDR program, the operations and business of the Company continued to suffer due to various extraneous events including Aircel RoFR termination, BSNL suspension of fixed line contract and MSEDCL agreement termination. Aircel RoFR termination resulted Revenue loss of around Rs.17,170 crores and BSNL suspension of fixed line contract resulted in EBIDTA loss of Rs.806 crores. Apart from this, MSEDCL agreement termination in 2014 resulted in loss of annual revenue of approx. Rs. 1200 Crore (and loss of revenue of reminder of contract period of Rs.18,000 Crore).
- Further, as reported earlier, the Company saw an unprecedented shut down of three major operators as well as market driven consolidation. These events which were once again entirely beyond the control of the management, have had material and adverse impact on the operations and prospect of the Company.
- Recognizing the issues at hand, the Company and its management continuously engaged with the lenders for settlement of their dues. However, as informed earlier through communication and Annual Reports, one dissenting lender elected to initiate proceeding before National Company Law Tribunal (NCLT). A detailed disclosure in this regard is already given on December 15, 2021.
