

## **GTL becomes No. 1 Telecom Turnkey Company of the year in V&D 100**

VOICE&DATA, India's No.1 communications magazine that conducts annual survey "V&D100" for the Indian Communications Industry has named GTL Limited as the **No. 1 Company of the year in Telecom Turnkey segments for FY 2007-08.**

GTL leads the Telecom Turnkey space with 30.3% market share and has emerged as the largest turnkey telecom deployment company in India. The survey mentions that GTL has not only focused on improving the quality of services but also catered to new subscribers in the rural and semi urban areas while strengthening its operations in the existing circles. GTL has registered a handsomely positive growth of 33.9%. Globally, in that time period, GTL has partnered with Ericsson to offer Managed Network Infrastructure Services to network operators and service providers in Europe. Back home in India, it has also entered into an alliance with Vanu for conducting active infrastructure sharing trials.

Mr. S.K Roy receiving the prestigious V&D 100 Award from Rajeev Nayan Jha, President, CMAI
